# Zombies in Spaceland Tips

Here are a few tips on preparing for zombies. First pick your Fate and Fortune Cards well when you're in the lobby. Those must be used by you in-game, where you need enough kills to enable used of the cards. Simply scroll to activate at the correct time. Then, you should check the N31L robot challenge, and aid him in restoring his head.

Finishing assignments by the robot grants you currency for new weapons and equipment at concession stands. Also, try to acquire candy perks when you can, which allow for extra gameplay. Those are acquired through candy machine, which you should be careful not to lose when heading to Last Stand.

## Play it to death

It's hard at first, but that's just a feature of shooting games. Do not let your kill: death ration dishearten you. Just like all starters, you're usually first blood until you get better!

Getting more XP allows for better equipment, ability sets, and payloads. They improve your combat rigs, and allow you to better understand the maps you are operating in.

Keep practicing, and you'll be an expert in a flash.
