Hey everyone,

Braden here.

Does anyone else feel like
school gets harder every year?
Pretty soon it is going to be
impossible.

I remember when reading just meant you read a few sentences and maybe answered one question. Now, we read long stories and need to remember everything about it! This happened just the other day.

My teacher, Mrs. Brookshire, passed out a reading story that was **about a thousand pages long!** I was so happy once I finished it, but then I read the first question.

“1. How did Tim feel when he went to the park?”

I groaned loudly.

Huh?!?

Mrs. Brookshire could tell I was having a hard time. She walked over and asked me what was wrong? I told her, "This story is about a kid named Louis. Who is Tim, and why do I need to know how he felt?"
