A. Hamilton

Th. Jefferson

A Tale of Two Men

Thomas Jefferson left a great mark on American history. He served as the third president. He also wrote the Declaration of Independence. His **profound** words about democracy are still repeated and admired.

The work that Alexander Hamilton did for his country is also impressive. He created a financial system that is still being used. He pushed for a strong central government backed by a strong military. His efforts helped to shape the world that Americans live in today.
