CHAPTER 1

# Meet the Sweet

What are sweets? Sweets are special treats! We eat them. We share them. Sweets make us smile.

Cookies are small baked treats. They may be soft or crunchy. People like chocolate-chip cookies the best.

Some cookies need to be formed into balls before baking.

Most cookies start with three **ingredients**. Those are flour, sugar, and butter. Cookies may also have eggs, milk, and baking powder or baking soda. Sometimes there are nuts or candy. Bakers **measure** each part. They mix them together.

# Cookie Ingredients

Monster cookies are not scary. But they are big! They get their name from their size and their ingredients. They have lots of peanut butter, oats, chocolate chips, and chocolate candies.
