Introduction

Hi, we are The Abbotts, counsellors, writers and paranormal experts. Many of our readers and clients have asked us to tell them more about Off-planet lives following them reading our book 'Who Are You? Discovering Your Cosmic Origins'. Many men and women have found that they are Pleiadians after doing our quizzes and want to know how the Pleiadians live on their own planet.

They also want to know how their previous existence on the Pleiades affects them on Earth, in this current lifetime. Through our own research and with help from channelled messages from Pleiadian entities and the Ascended Masters, we have gathered as much information as we can, to fulfil this desire for more Pleiadian knowledge. We hope that this book will give you the answers that you seek.

The Ascended Masters, Archangels and Pleiadian Beings add their own particular wisdom to our work. They are wise, loving, understanding and humorous beings! We have channelled them for over forty years and they have always enriched our lives with their Higher wisdom! We hope that you will read this book with an open heart and mind.

Many of the scenarios we write about are taken from actual experiences we encounter and from our clients' everyday life problems. However, names and situations have been changed. You will find that the many exercises and explanations in this book are written in an easy-to-understand manner. Our aim is to illuminate you, not confuse you even further!

We hope that you will find this book as fascinating as we did discovering the Pleiadian outlook on life!

The Pleiades

The Pleiades are a star system in the constellation of Taurus. Also known as the Seven Sisters, it contains over 3000 stars, six of which are clearly visible to the naked eye. The Pleiades has been the source of much mythology in many civilisations and was known to the Egyptians, South Americans and Australian Aborigines. Alcyone is the brightest of the blue white stars and is considered the central sun, astronomically and religiously.

Chapter One - Pleiadian Divine Missions

Everyone has had lives on various Off-planet worlds. As hypnotherapists, we have heard many clients describe these amazing planets of vivid green skies or double-mooned nights. Whether you have incarnated directly from the Pleiades or have had a previous incarnation there or know someone who is obviously an ex-Pleiadian, you should find the information that we have gathered as important, to understanding the Pleiadian outlook on life. For Pleiadians or Starseeds do think differently to the many other Off-planet races!

At present over 80% of all males and females born since 1971 are Pleiadians! This means that they spent a lifetime on a Pleiadian Home world planet before their death. They would have then spent some time on the Higher realms, what we call Heaven - then finally, they incarnated to Earth.

At certain times in history, certain specific groups of people are sent en masse to Earth, to bring in important social changes. In the past there would have been Andromedan cultures such as Ancient Rome, Early Greece and Atlantis where beings incarnated from Andromeda to bring in social changes of structure, law and philosophy.

There would have been some Pleiadians there but they would have been only around 5% and would have been the actors, poets and artists etc. The ridged societies of the Andromedans would not have appealed to the sensitive Pleiadians!

Nor were they suited to the Orion cultures of the Middle Ages farming in Viking colonies or the busy Sirian cultures of Egypt or South America

Aztecs. Again a few men and women in these societies would have been the more sensitive, artistic people, but not the common man or woman.

But in this current era, they have incarnated as a huge group, why? It is in order to make real positive changes to the structure of societies all over the planet. This time in large overwhelming numbers, they can shape the Earth, as they want! But of course, most of them are completely unaware of their Divine Missions for incarnating to Earth. Most of these ex-Pleiadians have not yet woken up to who they truly are!

More importantly, they have not realised that how they lived their former lives on the Pleiades, now affects their thoughts, feelings and actions in this current life! They are now in human bodies, but their subconscious minds strongly remember their Pleiadian past and culture and is trying to make them relive it now!

Many of our clients who are ex-Pleiadians, come to see us worried about their behaviour or are puzzled as to the way life works on Earth, not realising that they are acting instinctively in a Pleiadian manner not in a Terran (Earth) manner! So if you have ever felt 'out of step' with others, it is highly likely that you had a previous life on the Pleiades and are still 'acting it out!'

We shall examine many important issues in this book concerning life on Earth, as seen from a Pleiadian and Terran outlook. Those everyday issues that involve us all - such as love, sex, work, relationships, health, spirituality and entertainment. Examined from both viewpoints, Pleiadian and Terran, you can learn to make informed choices in life that will enhance your lifestyle. Remembering your Pleiadian past will not be a disadvantage to you but a real asset!

So open your mind to new possibilities and remember the old adage - Don't say - "When I see it, I will believe it" but instead say - "When I believe it, then I will see it!"

One of our most friendly Pleiadian contacts for channellings has been Kirri of the Rings, who described herself once as a type of Anthropologist, interested in all life forms!

Message from Kirri of the Rings

"Your Mission on Earth as one huge collective force is to spread Unity! Unity throughout the nations of the Earth. To make everyone feel, act and think as One. To improve the social conditions of all men, women and children, so all are equal. To promote the equality of all sexes, races, ages and religions. To understand on a spiritual level that you are all created equal and are connected as One. This is your combined mission. It can be performed in many ways - in your homes; in your relationships with others; in your communications; in your literature; in your leisure time activities; in your music and in your spirituality!

On the Pleiades everyone works for the betterment of others as well as themselves. Every action is preceded by the thoughts - "Is this the Highest thing to do?" "Will it harm someone else or result in a negative influence on the planet?" if it is not the Highest action, then a Pleiadian will sacrifice his or her own desire for the good of the whole society.

On your own Earth, you can follow these same procedures when you can not decide on a suitable course in life. If you all worked in this way, you would have no poverty, no wars and no pollution!

Blessings"

Kirri.

Here is another cosmic message from Kirri of the Rings concerning the Pleiades.

Kirri of the Rings

"You ask me who are the Pleiadians and I will tell you a little of our beautiful, green world. You call the Pleiades the Seven Sisters, as you see seven stars above, but our galaxy is really made up of over 3,000 stars. Of course, most are inhabitable. But we have colonised quite a few!

We are a gentle race of men and women who live in peace and unity. We help each other to our full potential and strongly encourage artistic and musical abilities. We have no dirty factories and no pollution or crime.

We live in harmony with our beautiful home planets. We do not strip the forests for wood or rape the land for gemstones and fuel. This is not of the highest! We were once like you, brash and troublesome, but we outgrew our need for great materialism and power. We choose instead to live simple, natural lives, increasing our psychic powers and creating harmony with all life forms.

We are vegetarian and would never harm another living animal or life form. We are designed physically to ingest our green sunlight and simple fruits and nectar liquids. Those of us who are adventurous of spirit, may choose to join the Ashtar Command and travel to distant galaxies in mighty space craft, to help less advanced civilisations - for this is a good purpose!

We know that we all come from the one source and the first life planet near the sun Vega in the constellation of Lyra, so you are our distant cousins. This is why I send my mind out to you in astral projection, to talk to you, cousins of mine! To encourage you all to live better, end famine, war and pain and live more naturally and in harmony with your Earth's spirit - Gaia. Then you will have a loving, happy world like our own!

But it must start with everyone taking on responsibility for their own actions and lifestyles. Are you living the best possible life for yourself, others and the planet Earth? Consider this, cousins and please adjust your lives accordingly!

Felicitations”

Kirri.

So we are now aware that all Pleiadian men and women incarnate with one special agenda -to spread Unity throughout Earth. We now ask you to write down three ways in which you can try to achieve this mission each day.
