About the Author

What colour is the sky today?

I'll tell you, how the sun rose,
And moon disappeared,
But can it define,
What colour is the sky today?
I'll write about clouds,
Which constantly moves with me
And stars which silently disappears,
But will they tell us about
What colour is the sky today?
I'll gather every bit of knowledge
About skies and galaxies
And about how sun reaches to the other side.
I can even tell you how sunrise and sunset belong to the same sky,
But will it tell us
What colour is the sky today?

Skin

I wear my skin for all day long
But when I try to walk with it,
It decelerates my speed.
I try to sit with a pride of it,
But it's nature distracts me.
I see it
As the reflection by the sun
Like a drop of water in the ocean
Is known to be the pearl of crown.
It is beautiful,
But it makes me abash
And inside it, I hide all of my me,
As it makes me start with a warm hellos
And tenderness in my goodbyes.
